

Rockingham's

SCIENCE SPECTACULAR

To celebrate National Science Week Rockingham Central Library is putting on a range of activities and shows for its "Science Spectacular"

Robotics Workshop with Scitech

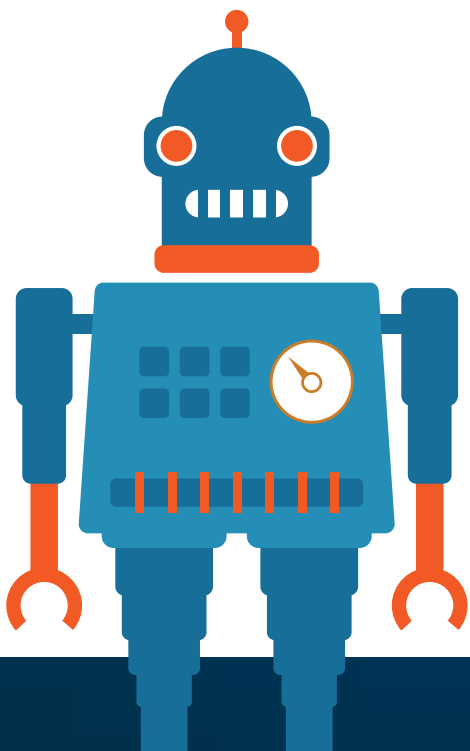

Saturday
13 August

Ages **5+** 9am - 10.30am / 10.30am - 12pm

Participants will be introduced to Lego EV3 robots and will explore the basics of writing a simple program before applying this knowledge to solve a series of challenges.

Students will learn to solve real world problems and develop their own logical thinking skills in an engaging, hands-on workshop environment.

Welcome to the exciting world of Robotics... no experience necessary!

Science Storytime

Tuesday
16 August

Ages **3+** 4.30pm - 5.30pm

Join us for an afternoon of scientific discovery and amazement.

We will read some super science stories and then move on to our kid friendly experiments. Budding scientists wanted!

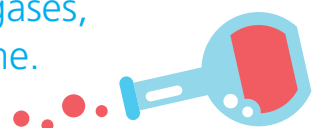

Science Alive Show! Very Strange Stuff.

Saturday
3 September

Ages **3+** 10am - 11am

Come along be entertained by science!

Join Mick from Science Alive and explore the materials that make up our world. Adventures with liquids, solids, gases, bouncy bubbles and slippery slime.

Bookings required. For more information please contact Rockingham Central library:  rlcontact@rockingham.wa.gov.au  9528 8683
